CAM CLARK FORD RICHMOND
CAM CLARK FORD RICHMOND
"I went to Cam Clark Ford to buy a new vehicle. I met with Jae who took very good care of me and my needs with very little drama and salesmenship. I told him what I wanted and he did his best to provide. It was a very positive transaction with my new vehicle. Kudos to Jae in sales."
JonnyAmp
2018
"I went in for an oil change, while strolling through the showroom - an astute Salesman, RobertA. approached, started a conversation, one month later I'm driving a new F150. Job well done... I'm very pleased with the complete and overall experience Robert and fellow Cam Clark employees provided to both my wife and I - Thank you."
Terry K.

Audi Brand Specialist Position
Audi
Bill Matthews Audi is seeking experienced and enthusiastic individuals to join their successful sales team.
Previous automotive sales experience would be preferred, but is not necessary.
Selling cars is a "people business"- professionally assisting people through a very important purchase with integrity, enthusiasm and quality information. Successful Automotive Sales Professionals are career minded individuals that thoroughly enjoy working with people. If you are seeking:
An opportunity to make above average income
Recognition for your talents and hard work
A career that you can be proud of
A professional training program
A company vehicle program
REQUIRED COMPETENCIES
The following qualities and attributes successfully characterize a professional Sales Consultant:
Desires challenging work in a changing environment.
Sells effectively and consistently at a high level.
Understands customer requirements while mindful of commercial opportunities.
Owns an inherent affinity towards automobiles and the Audi brand in particular.
Holds a strong communicative capacity with fellow employees and customers alike.
Has a strong inclination towards success and making a profit, while understanding commercial limitations.
If this sounds like your ideal career, then we should meet. To arrange an interview and to answer your questions about a career in the automotive industry, please forward resume to:
Audi Sales Manager, Erol Darbaz at edarbaz@nfld.net
You may also drop your resume off in person to
Bill Matthews Audi at 575 Kenmount Road, St. John's, NL
Thanks!

VOLKSWAGEN
SALES MANAGER
Bill Matthews Volkswagen is seeking an experienced and enthusiastic individual to join our team as Sales Manager.
Do you recognize that customer expectations are increasing everyday... and you're up to the challenge of meeting those needs? Are you passionate about leading a Sales team to achieve the highest results through coaching and support, being on the floor and engaged with your team, and working together towards ensuring their success? If so,you may be the candidate we are searching for.
The selected candidate will have previous management experience and must have a clear and defined process to lead, train and motivatenthe sales team.
Income range: Depending on experience
WHAT WE ARE LOOKING FOR
A well balanced and self-motivated Sales Manager; who is process and results driven
Honest and enthusiastic people who embrace a customer-centered philosophy and team approach, by cooperating with all other departments and personnel
Passionate, engaged leader who can coach both new and experienced sales consultants
Driven individual who can address performance challenges head-on through one-on-one support and training.
Minimum 3 years Automotive Dealership experience
Previous Business Office experience an asset
RESPONSIBILITIES WILL INCLUDE
Inventory management and facility accountability
Salesperson training and ongoing support; including coaching, customer follow ups and assistance with internet and telephone leads
Sales process management, desking deals, meeting customers, and trade appraisals
Achievement of the Sales Department's monthly volume and gross profit objectives while supporting sustainable F & I performance
REQUIREMENTS
Valid drivers license, current criminal background check and clean drivers abstract to commence employment.
We offer a great compensation package including a benefit program including Health, STD, LTD, Life Insurance, management support,team atmosphere, and training programs. Please submit a resume via this advertisement.
We appreciate all who apply; however only those considered for an interview will be contacted.
Please send resume to danielmatthews@nfld.net

Meet the Bill Howich Chrysler Team!
Say hello to Jessica Thulin, our wonderful Parts & Service Assistant Manager. Jessica has been part of our amazing team going on four years now, and is a star of our Parts & Service Team... she is always helping out the team whenever needed and looks after our tower control (which makes sure your vehicle service adheres to strict timing and quality milestones). She can also been seen at the service front counter and her knowledge and skillset is second to none!
When not helping our customers and staff, Jess loves softball and getting out in our rugged Vancouver Island wilderness for hikes with her family... she is also pretty keen on the soon to be released all-new 7 seater Jeep Grand Cherokee!
Hey Jessica... thanks for being all about 'Team Bill Howich'

Meet the newest member of the Bill Howich Chrysler Team!
Say Hello to Lynda Allen, who is joining our outstanding sales team. Lynda is new to the car business, but is no stranger to great customer service and sales. She has been involved with aquatics, fitness, retail, hospitality, food, optometry and her own amazing photography business!
Lynda is an avid rock climber, hiker and stand-up-paddleboarder. She loves reading books on theoretical & quantum physics, spirituality and consciousness... Hey Lynda, How many theoretical physicists specializing in general relativity does it take to change a light bulb? Two. One to hold the bulb and one to rotate the universe
When not contemplating the universe, Lynda spends her free time exploring and adventuring our beautiful Vancouver Island with her son and partner. She really fits the Jeep lifestyle and loves the all new Jeep Cherokee!
Next time you visit Bill Howich Chrysler, make sure to say Hi to Lynda and have a chat. We know she will be a great fit
Welcome to the bill Howich Chrysler family!

TECH TIP
Alfa Romeo of Vancouver
Transmission Fluid Change
Better Gas Mileage & Engine Efficiency
Reduce Expensive Repairs
Experience Smoother Driving
Nothing prolongs vehicle life more than regular fluid changes. In automatic transmissions/trans-axles, the recommended service interval is about every 80,000 kms depending on your driving style. Remember, there is a great deal of 'start-and-stop' traffic here in Vancouver!
The automatic transmission fluid (ATF) should be changed sooner if its dipstick reveals dark or burnt-smelling fluid. Here at Alfa Romeo of Vancouver, we use state of the art equipment, manufacturer authorized fluids and factory trained service technicians to make sure your vehicle is always serviced correctly! Call 604-681-1491 to speak to a service

FIAT OF VANCOUVER
Get Ready For Winter
TECH TIP
WINTER TIRES
7 REASONS WHY THEY ARE Important!
Winter is just around the corner and now is the perfect time to switch to new winter tires. We all remember the 'Snowmageddon' of last winter, but did you know that it is required by law in most of BC to have your winter tires installed by October 1st until March 31st? These areas include the SEA TO SKY HIGHWAY, CROWS NEST, COQUIHALLA AND HIGHWAY 1 EAST OF CHILLIWACK plus ALL interior and northern BC highways require winter tires . Here are seven reasons why you should switch over to your Winter Tires at Fiat of Vancouver.
7 REASONS WHY
1 GRIP
When temperatures drop to 7 degrees Celsius or lower summer tires begin to harden, which causes them to loose grip and traction even without snow or ice present. And the colder it gets the less effective they become.
2 BRAKING DISTANCE
When using all season tires in the freezing cold stopping distances can increase 30 to 40 percent when compared to winter tires. Simply put, winter tires reduce your chances of crashing.
3 WATER
When your tires apply pressure to snow or ice they melt the top section and create a thin film of water (the exact same thing happens when you ice skate). And if the water is not moved out of the way the car will hydroplane! This is exactly why winter tires have such large grooves and treads- to quickly move water away to the sides and allow the vehicle to contact the surface.
4 AWD and 4x4
Vehicles with AWD/4WD can accelerate better than on ice or snow than a vehicle with two driven wheels. However, when it comes to turning the vehicle limits are determined by the amount of grip and traction, not the number of driven wheels.
5 QUALITY MATTERS
Just like summer tires, premium winter tires will perform better than most basic models. You are paying for the latest rubber technology and tread patterns available which can perform 15% better than an economically-priced winter tire.
6 TREAD
The soft rubber treads of a winter tire wrap around imperfections and create traction almost anywhere (plus the chunky pattern is cool). Summer tires, on the other hand, harden as temperatures fall and cannot grip with the tenacity of a winter compound.
7 GREAT DEALS!

TECH TIP
FIAT OF VANCOUVER
Brake System Check
BRAKE SERVICE
Reduce Expensive Auto Repairs
& Experience Safer Driving
There are a couple ways to check for brake wear on disc brakes: by looking and by listening. First, check for wear by looking at your brake pads through the spaces between the wheel's spokes. The outside pad will be pressed against a metal rotor. Generally, there should be at least 10mm of pad. If you see less , you should have your brake pads inspected or replaced.
Have you ever heard a high-pitched screeching sound when you applied your brakes? That's a small metal shim, called an indicator, which is giving you an audible warning that you need to replace your brake pads. If you hear it regularly, quickly make an appointment with our service department call 604-681-1491 or visit www.FiatOfVancouver.com.
Reduced responsiveness or fading.
If your brakes are not as responsive as they should be or if the pedal "sinks" toward the floor, this could be an indication of a leak in the braking system. It could be an air leak (in the brake hose) or a brake fluid leak. One telltale sign of a brake fluid leak is the presence of a small puddle of fluid when the car is parked.
Pulling
If your vehicle "pulls" to one side while braking, it may be a sign that the brake linings are wearing unevenly or that there is foreign matter in the brake fluid. Your vehicle may need a brake adjustment or to have the fluid drained and replaced.
Grinding or growling
This loud metallic sound means that you have worn down the pads completely, most likely beyond replacement. The grinding or growling noise is caused by the two pieces of metal (the disc and the caliper) rubbing together. This can "score," or scratch your rotors, creating an uneven surface. If this happens your rotors will need to be replaced.
Vibration
A vibration or pulsating brake pedal is often a symptom of warped rotors (but can also indicate that your vehicle is out of alignment). Warped rotors can be caused by brake over heating (see photo on the left)

DELIVERY CHECKLIST

FIVE STAR

Courteous, Friendly, Competent Service · Trained, Knowledgeable Employees · Professional, Neat and Clean Dealership · Dealership Processes Designed by Our Customers · Bottom Line… We're Here for You!

Customer Name: _____ **Stock #:** _____ **Year:** _____

Sales Representative: _____ **Make:** _____ **Model:** _____

Delivery Date: _____ **VIN:** _____

PRE-DELIVERY

To be completed and checked (✓) by Sales Representative prior to delivery

- ☐ Vehicle is equipped as indicated in the contract of sale
- ☐ Delivery appointment verified (if applicable)
- ☐ Vehicle interior/exterior detailed/clean
- ☐ Doors, windows, hood, trunk, locks in working condition
- ☐ Offered:
  - ○ Maintenance program
  - ○ Protection packages
  - ○ Extended warranty
- ☐ Battery Voltage: _____ Volts
- ☐ Vehicle and customer paperwork prepared
- ☐ Little touches accounted for (license plate cover, decals, lanyard, etc.)
- ☐ Applicable materials in glove box

DELIVERY

To be reviewed and checked (✓) by Sales Representative with customer present

- ☐ Windshield claim done for trade-ins
- ☐ Demonstrated the operation and features of the vehicle
- ☐ Explained warranty and warranty criteria
- ☐ Informed customer of vehicle maintenance schedule
- ☐ Had photo taken of customer with their purchase
- ☐ Introduced customer to Parts & Service Department & Booked 1st Service Date: _____

THE FUTURE HAS ARRIVED IN CAMPBELL RIVER!

The ALL New 2021 Jeep® Wrangler 4xe Hybrid is here at Bill Howich Chrysler. The Wrangler 4xe boasts 375 horsepower, 470 lb.-ft. of torque and delivers up to 40kms of pure electric operation for daily commutes with no range anxiety! The Wrangler 4xe retains the Jeep Wrangler's Trail Rated running gear: Solid front and rear axles, full-time 4x4 two-speed transfer case, fully articulating suspension and 30 inches of water fording capability! Jeep 4xe vehicles provide new levels of efficiency, performance and capability, on and off the road! and is the natural evolution of nearly 80 years of Jeep capability leadership. Check out the 4xe for yourself!

SOCIAL MEDIA GIVEAWAYS & SUPPORTING LOCAL

Bill Howich Chrysler is all about supporting local business during these Covid times. We have run three very successful giveaways campaigns on our official social media channels.

For Valentines Day we gave away three gift cards at local Campbell River BC restaurants. These restaurants were Fifty Parallel Tap & Grill . Sushi Mong and Sunny Day Cafe!

To celebrate St.Paddy's and our own Irish A1 Wall, we gave away dinners at Beach Fire Brewing, Riptide Marine Pub and Dolphins Resort.

Most recently we ran a Mother's Day appreciation giveaway and one of our lucky customers won a $300 gourmet catered dinner from OnLine Gourmet Catering of Campbell River.

We are doing our best to support local in our hometown of Campbell River!

DID YOU KNOW?

The HOT HATCH...

The GTI began as a secret project among an enthusiastic group of Volkswagen engineers in 1973 but by the time the Mk 1 version was launched in June 1976 it was an instant classic. It has become perhaps the most iconic of all hot hatches and set the standard for genre of car that every one of our competitors has tried to duplicate (and not really come close!)
The latest Golf GTI is the epitome of the "hot hatch" . It is now the Mk7 and comes with nearly 220 horsepower and 258lbs of torque! Wow... that plus Dynamic Chassis Control, short suspension, variable ratio steering system, Performance Monitor and all the tech you could ever want make the GTI simply AWESOME! Just ask Joe or Lauren... they love their GTI's

JOKE & SMILE

How do you make a Chevy look better? PARK IT BETWEEN TWO VOLKSWAGENS ! :)

Where do Volkswagens go when they get old?
THE OLD VOLKS HOME ! :)

How do you double the value of a Ford?
FILL UP THE TANK ! :)

INTRODUCING THE ALL NEW ATLAS!

The 2018 Volkswagen Atlas was announced in December and arrives in our showroom for summer 2017 and is a 7-seater built with plenty of cargo space. Assembled in the state of the art production facility in Chattanooga, Tennessee, The Atlas is going to be an amazing vehicle for us here in Newfoundland! The Atlas will be available in both FWD and AWD and utilize either the 2.0 Turbo engine from the GTI or the 3.6-litre V6 from the Touareg, with 280 horsepower!! This Mid-Sized SUV is Awesome.

1st IN ATLANTIC...2nd IN CANADA!!

Audi Canada has just announced the winners of the Audi Parts and Service Recognition Program and Congratulations to our very own Parts Manager, Blair Hong and Service Manager, Mike Royle!

These two fantastically amazing gentleman have been recognized for exceptional performance and Dedication to the Audi brand. They have won 2nd place in ALL of Canada,(1st place in Atlantic Canada) for Customer Satisfaction and After Sales Service & Achievement! We All know how hard Blair and Mike work for our team so give them a pat on the back and a congrats! They will be heading down to New Orleans for an all expenses paid trip to see the NBA All-Star-Game in February... and is pretty close to Mardi Gras Time... we know they will Enjoy the getaway ;)

NEWFOUNDLAND IS INTERESTING...

1. The only known case of German's landing in North America during WWII was in Newfoundland. On October 22, 1943, German submarine U-537 landed on Martin Bay in the north of Labrador and set up a remote weather station!
2. The first known European presence in North America was in Newfoundland! The honor belongs to the Vikings who settled at L'ase aux Meadows around 1000 A.D.
3. 94% of our population lives on the island and only 6% in Labrador and almost 50% of us live in St.John's!
4. NL used to be the location of the world's busiest airport. Gander Airport (YQX) was the closest Re-Fueling point to Europe and was used ALOT in the 50's.

In our continuing effort to improve our product, Gibraltar Development Limited reserves the right to revise specifications and dimensions without notice. Features vary by unit. All dimensions are approximate. Layout may be revised. Elevations are artists renderings only and finished product may slightly vary. Prices, specifications, measurements and materials are approximate and subject to change without notice.

Building Features

- Ample guest and owner outside parking spaces
- Concrete floors on all levels
- Garbage chute on all levels
- Energy efficient, solid vinyl windows (Low-E Argon)
- Superior vinyl siding and concrete composite panel siding
- Fully landscaped grounds with plants and shrubs
- Private patios on south-facing suites
- 1-year Materials and Labour Builders Warranty
- 5-year Structural Defects Warranty (Lux Home Warranty)

In our continuing effort to improve our product, Gibraltar Development Limited reserves the right to revise specifications and dimensions without notice. Features vary by unit. Amenity Rooms

Activity & Games Room | 25' x 25'
Spend an evening playing pool, form a weekly card club, or use this room in any other way, as long as you're having fun!

Common Open-Air Patio | 25' x 25'
Lounge on a sunny afternoon, or gather for an evening with your friends on the fully furnished patio with propane BBQ's.

Arts & Crafts Room | 25' x 40'
Finally, a large space within a condominium building to complete passion projects. Setup your sewing machine or have your very own gift wrapping room.

Party Room | 25' x 50'
Have social functions, birthdays, anniversaries, etc. In our party room that can accommodate over 60 people. Prepare your food in the fully functional kitchen.

Movie Theatre | 25' x 25'
Enjoy a movie theatre experience without taking off your slippers. Take advantage of movie nights with other owners or host a private screening for yourself and friends. Features comfortable stadium-style seating, projector screen and surround sound.

Fitness Center | 25' x 25'
You asked and we listened. A gym has been the most requested amenity by owners in our previous projects. We've made it happen in Wellington on Rhodora, and staying in shape has never been this convenient. The gym features free weights, mats, cardiovascular equipment, television, wi-fi and plenty of free space for group classes.

Social Room | 25' x 25'
Experience the outdoors without leaving the building. This large space has oversized windows and is designed to provide a bright and warm indoor space on even the coldest of days. Gather around the fireplace or host gatherings with friends in this ideal location.

In our continuing effort to improve our product, Gibraltar Development Limited reserves the right to revise specifications and dimensions without notice. Features vary by unit. All dimensions are approximate. Layout may be revised. Elevations are artists renderings only and finished product may slightly vary. Prices, specifications, measurements and materials are approximate and subject to change without notice.

Wellington on Rhodora has been designed from the ground up with a focus on 50+ lifestyle, functional living and maintaining the high quality of life you have become accustomed to. This is achieved by offering a level of amenities never before seen in the province, see page 8 for details.

Designed by renowned architects LAT 49, these two bedroom suites boast nine foot ceilings, open-style floor plans, in-suite laundry, and more. Owners will never again have to worry about snow shovelling, lawn mowing, and maintenance. Experience the carefree lifestyle offered at Wellington on Rhodora.

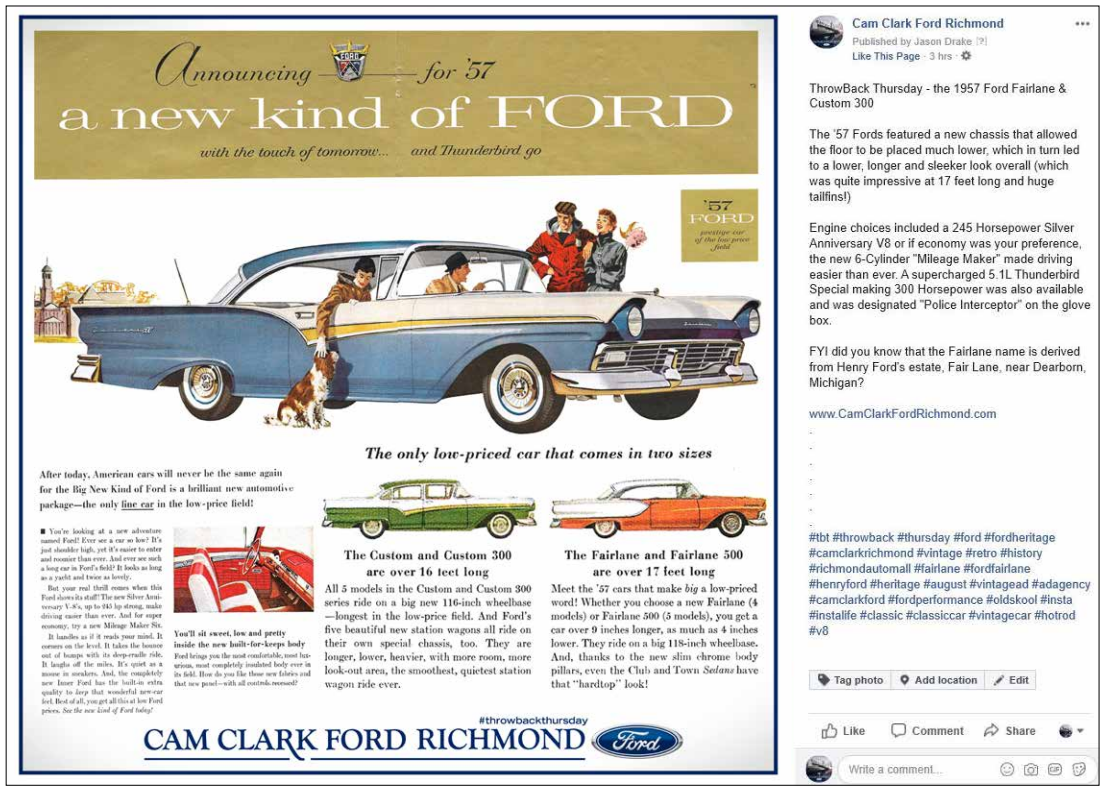

MyWellingtonCondo.com

Building Construction

Building construction is a combination of concrete, steel and wood frame. Flooring is concrete throughout all floors and all framed walls are designed to significantly exceed the sound transmissions ratings required by the Canadian Building Code. Separation between suites consists of a double wall with sound-deadening insulation in between. Shared walls have a combined thickness in excess of 10 inches.

ThrowBack Thursday - the 1957 Ford Fairlane & Custom 300

The '57 Fords featured a new chassis that allowed the floor to be placed much lower, which in turn led to a lower, longer and sleeker look overall (which was quite impressive at 17 feet long and huge tailfins!)

Engine choices included a 245 Horsepower Silver Anniversary V8 or if economy was your preference, the new 6-Cylinder "Mileage Maker" made driving easier than ever. A supercharged 5.1L Thunderbird Special making 300 Horsepower was also available and was designated "Police Interceptor" on the glove box.

FYI did you know that the Fairlane name is derived from Henry Ford's estate, Fair Lane, near Dearborn, Michigan?

Throw Back Thursday - Ford Econoline First Generation

The First Generation Ford Econoline was produced between 1960 and 1967. This great retro van established many design precedents that other manufacturers duplicated. These design points included a mid-engine layout with forward control.

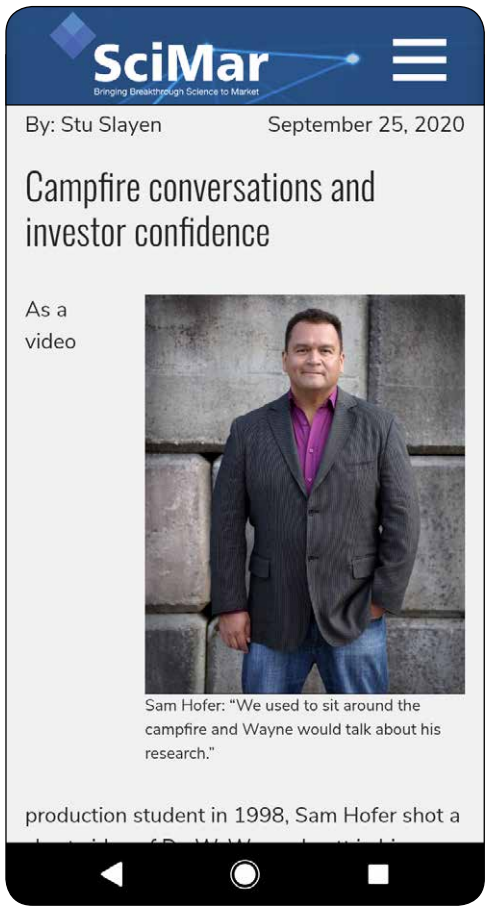

Based on the Ford Falcon platform, the Econoline shared many common components. What did differ was the use of solid front and rear axles and leaf springs all round! Originally the engine was the same as the Falcon, producing 85 horsepower from the 2.4L (144ci) inline six and was available with a 3 or 4 speed manual transmission or the 3-speed Cruise-O-Matic Auto.

The 1st Gen Econoline was available in many variations including an eight door cargo van, a pickup, and the passenger 'station-bus'. Considered the quintessential 'boogie van' this vintage Ford is still highly sought after and customized... it's retro design still looks fantastic!

Campfire conversations and investor confidence
As a video production student in 1998, Sam Hofer shot a short video of Dr. W. Wayne Lautt in his University of Manitoba lab talking about his liver research and type 2 diabetes.
"I think he just had one of his breakthroughs," recalls Hofer, a Vancouver-based information technology product manager. "He was really excited to talk about his findings."
It wasn't Hofer's first exposure to Dr. Lautt's science. In his teens, he lived a block and a half away from the Lautt family in Winnipeg's River Heights neighbourhood. As a friend of Mick Lautt (son of Wayne and SciMar's CEO), Hofer spent a great deal of time in the Lautt home and at their family cottage in Northwestern Ontario.
"We used to sit around the campfire and Wayne would talk about his research, and the effects of type 2 diabetes," recalls Hofer. "I remember him talking about the unique impacts of diabetes on Indigenous communities, which really spoke to me."
Hofer, a member of the Temagami First Nation, has seen the impacts of type 2 diabetes in his community and in his family. His mother has the disease, so does his uncle, so did his late grandmother, and so does Hofer himself.
Sam Hofer: "We used to sit around the campfire and Wayne would talk about his research."

YEAR END CLEAR OUT

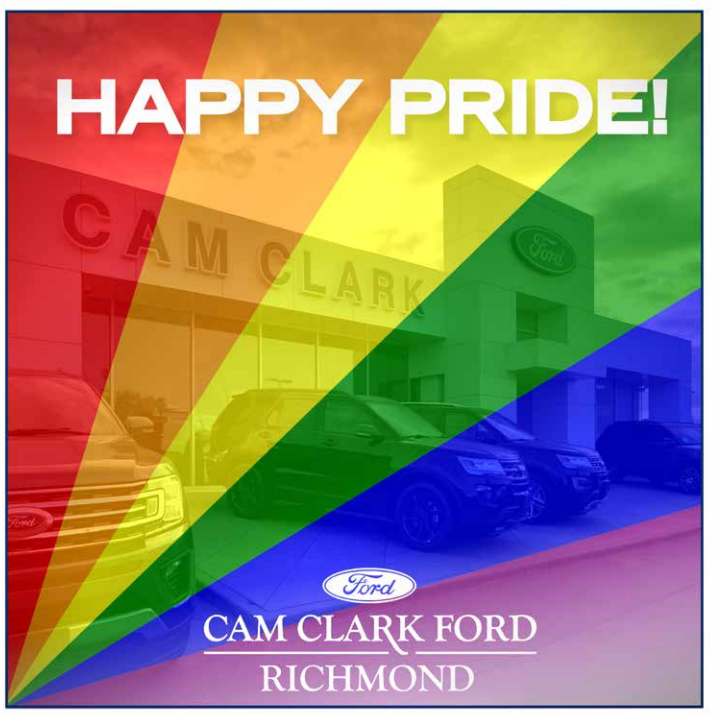

2019 FORD F150
Cam Clark Ford Richmond
Published by Jason Drake [9]
4 mins
It's a beautiful Fall day to take a Ford F150 for a test drive!
Here is Gary (our parts Manager with 36 years at Cam Clark Ford Richmond) behind the wheel of his F150. The smile says it all!
Right now it's 0% APR Financing for up to 60 months on new 2019 F150s, plus you will also receive a $5,000 Delivery bonus AND the Winter Performance Package that includes Winter Tires, Winter Rims and Sensors at NO EXTRA CHARGE! That's an additional total value of $8,250!
... and if that isn't already great enough, Cam Clark Ford Richmond is also having a huge sale of our pre-owned 150 inventory - there are great deals that will make you smile
Just call any of our 'Ford'tastic team at 604-272-7331 or visit our showroom in the heart of the Richmond Auto Mall and test drive Canada's best selling truck - The Ford F150 today.
Click here to check out our F150 Inventory : http://bit.ly/2G3RN9Z
Have a great Wednesday!

HAPPY PRIDE!
CAM CLARK FORD
RICHMOND

“It’s Jeep Season at Bill Howich Chrysler and It should come as no surprise that the Jeep® Brand is one of the world leaders in 4x4 technology! Throughout the Jeep product line, several vehicles are equipped with the Selec-Terrain system. It essentially consists of settings that allow you to adjust the vehicle’s behaviour according to the type of surface or situations encountered.

AUTO
The Auto mode, as its name indicates, automatically manages the various mechanical settings for optimal grip. Its settings may vary from one vehicle to another. Still, essentially, it responds to road conditions, distributing torque where it is required if specific wheels are spinning on a slippery surface.

SNOW
The snow mode reduces the power sent to the wheels to ensure smooth starts in the snow. It’s like putting the transmission in second gear for a more confident launch. With a vehicle like the Grand Cherokee, for example, torque is distributed evenly between the front and rear wheels.

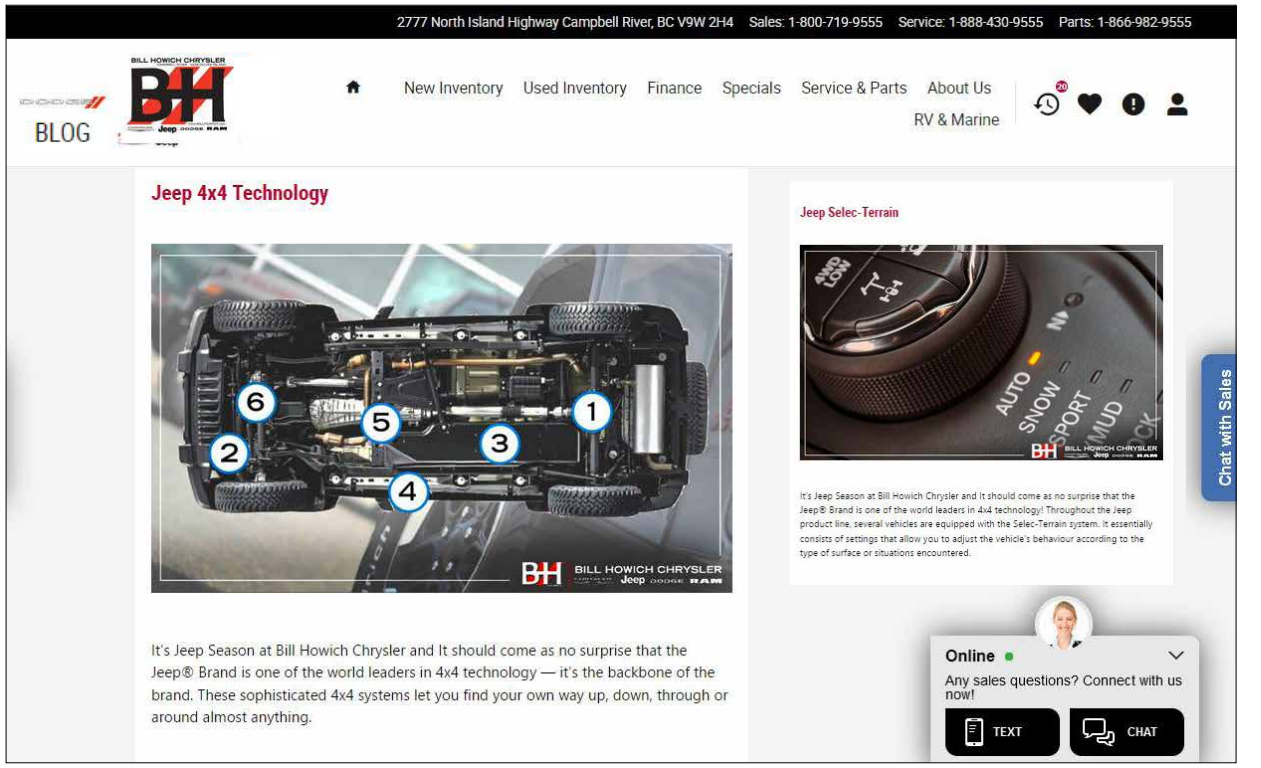

SPORT
On some models, you will find a Sport mode. By activating the Sport mode on a Grand Cherokee, for example, the interval between gear changes is reduced by 50 percent compared to Auto mode; the four-wheel-drive anti-skid and steering systems are adjusted to ensure a more dynamic ride; the shift paddles are activated, and the suspension is adjusted without reducing comfort to provide enhanced performance compared to Auto mode. The engine’s torque is split 35/65 between the front and rear axles for an authentic high-performance feeling.

SAND/MUD
The adjustment designed for sandy or muddy surfaces is designed to prevent your Jeep from getting stuck in soft sand or mud. It recalibrates throttle management and torque distribution to reduce wheel slip and improve traction. The goal is to maintain a steady pace on the surface to avoid getting stuck.

ROCK
On Trailhawk versions, the Rock mode is designed to overcome difficult obstacles at low speed. It can only be engaged when in the low range (4L). It locks the axles, distributes torque evenly and has a high gear ratio, allowing the driver to overcome significant obstacles at very low speeds but evenly with maximum traction to avoid slipping. The mode also allows the driver to use the hill descent control system.

Seriously, It’s Jeep Season and it’s a great time to get into a new ride PLUS YOU CAN WIN GAS FOR A YEAR with just a test drive (more info here -https://www.billhowichchrysler.ca/win-gas-for-a-year.htm)

Interested? Call 250-287-9555 or visit our amazing dealership in beautiful Campbell River, British Columbia.”

Wines

White

Chardonnay (Sonora Ranch, BC)
A great value crisp and dry wine with intense apple and tropical fruit flavours
Glass 6.00 ½ litre 18.00 Bottle 24.00

Viognier (Santa Julia, Argentina)
An elegant wine with rich aromas of peach and tropical fruits.
Glass 7.00 ½ litre 21.00 Bottle 27.00

Chardonnay - (Fish Eye, California)
Rich and fruity with a touch of vanilla.
Glass 7.00 ½ litre 21.00 Bottle 27.00

Sauvignon Blanc (Sumac Ridge, BC)
An elegant but crisp wine with ripe, gooseberry flavours backed by tropical fruits.
Glass 7.50 ½ litre 22.00 Bottle 30.00

Pinot Grigio (Mission Hill, BC)
This wine displays a bouquet of ripe tropical fruit, flavours of citrus and a fresh clean finish.
Glass 8.50 ½ litre 25.00 Bottle 34.00

Chardonnay (Mission Hill, BC)
Aromas of Granny Smith Apple and lemon peel complemented with savory oak and light spice notes.
Glass 8.50 ½ litre 25.00 Bottle 34.00

Riesling (Quails Gate, BC)
World Class BC wine which is bright, vibrant, well balanced and bursts with summer fruits.
Glass 9.00 ½ litre 27.00 Bottle 36.00

Rose

Rotberberger (Gray Monk, BC)
Aromas of spice, raspberry and currant.
Glass 8.50 ½ litre 25.00 Bottle 34.00

Red

Merlot (Sonora Ranch, BC)
Full-bodied wine with flavours of cherries and plums and a hint of oak.
Glass 6.00 ½ litre 18.00 Bottle 24.00

Grenache (Castillo de Monseran, Spain)
Easy drinking, fruit driven wine with herbal overtones, bursting ripe berries and plum fruits.
Glass 7.00 ½ litre 21.00 Bottle 27.00

Zinfandel (Beringer, California)
Fresh, bright berry fruit combined with peppery spice flavour.
Glass 7.50 ½ litre 22.00 Bottle 30.00

Shiraz (Robertson's Shiraz, South Africa)
Easy drinking wine with characteristically spicy aromas and prominent red berry flavours.
Glass 8.00 ½ litre 24.00 Bottle 32.00

Pinot Noir (Gehringer, BC)
The palate is dry, with soft tannins and subtle cherry and strawberry flavours.
Glass 8.50 ½ litre 25.00 Bottle 34.00

Cabernet Sauvignon (Traphiche, Argentina)
Aromas of black fruit and spices that are soft and balanced on the palate.
Glass 8.50 ½ litre 25.00 Bottle 34.00

Sangiovese (Santa Cristina, Italy)
A bouquet of intense mature fruits and a well structured, harmonious palate.
Glass 8.50 ½ litre 25.00 Bottle 34.00

Cabernet/Merlot (Mission Hill Family Estate, BC)
Delicious wine that delivers a ripe concentrated core of plum, sun baked cherries, and cassis scented fruit.
Glass 9.00 ½ litre 27.00 Bottle 36.00

Barbera, Freisa (Morlantino Doc, Italy)
One of the smoothest wines we've tasted over the last few years. It's delicate and deep with fine notes of red fruits and spices.
Glass 9.50 ½ litre 29.00 Bottle 39.00
